

I understand you are considering allowing the LPFM stations to take priority over current FM translator service. I listen to K-LOVE which is often heard on these FM translators. This station is such a wonderful influence on our airwaves and such a service to our community. K-LOVE is one of the few positive influences that exist over our radio airwaves and it would be a GREAT loss to our community if this station were to be lost. I can't tell you how many people's lives are influenced for good by listening to K-LOVE. Please do not let this happen!
